Female journalists are rare in 1879, but American born Clara Endicott has finally made a name for herself with her provocative articles championing London's poor. When the backlash from her work forces a return home to Baltimore, Clara finds herself face to face with a childhood sweetheart who is no longer the impoverished factory worker she once knew. In her absence, Daniel Tremain has become a powerful industry giant and Clara finds him as enigmatic as ever. However, Daniel's success is fueled by resentment from past wounds and Clara's deeply held beliefs about God's grace force Daniel to confront his own motives. When Clara's very life is endangered by one of Daniel's adversaries, they must face a reckoning neither of them ever could have foreseen.
