Dionysius the Pseudo-areopagite: Man of Darkness/ Man of Light

John Dixon Copp

Dionysius the Pseudo-areopagite: Man of Darkness/ Man of Light John Dixon Copp

This is an appreciative analysis of the works of Dionysius the Pseudo-Areopagite and the influence he has had on the philosophical, theological, and mystical thought of Europe for fifteen hundred years. The author is also interested in demonstrating Dionysius' influence on a wide range of twentieth-century thinkers. Those who are already familiar with the research on and actual writings of Pseudo-Dionysius will find new insights into the ordering and emphases of the mystic s works. Those who will encounter the thoughts of this influential and unknown individual for the first time will discover, it is hoped, one reason why the philosophical and theological and mystical thought of Europe took the shape it did during and after the Middle Ages. In modern times, the influence of this unknown mystical theologian has not ceased.
