If you don't understand exactly what women want from the men they are talking to online and how their minds work, then you probably won't get nearly as many replies as you want. Let alone anything that develops into a date. Even then, the girls you will be meeting probably won't be the pick of the bunch. Leo not only teaches us all of this but he actually explains how to get girls to message you first. He also tells us how to supplement this by sending engaging opening messages that will get you replies and even how to revive a conversation that has completely died when the woman has stopped replying in a very simple way. Then there is also information on taking and choosing the most effective photos, editing your bio to make girls instantly take notice and draw them in so that they want to find out about you and much more.
