Janet T. Spence, John W. Cotton, Benton J. Underwood, Carl P. Duncan

Elementary Statistics, Revised (5th Edition) Janet T. Spence, John W. Cotton, Benton J. Underwood, Carl P. Duncan

This application-oriented guide hands you simple-to-use mathematical techniques for determining various statistics in psychology and the behavioral sciences. Progressing from basic descriptive statistics to inferential parametric statistics, the handbook includes graphic presentations including stem and leaf displays ... step-by-step procedures for performing computations ... advice for selecting the appropriate statistical test for specific studies ... coverage of various statistical computer programs ... and more. Intended for professionals with little or no knowledge of statistics.
