## HIS MASTERPIECE - EMILE ZOLA (WITH NOTES)(BIOGRAPHY)(ILLUSTRATED) EMILE ZOLA

'HIS MASTERPIECE,' which in the original French bears the title of L'Oeuvre, is a strikingly accurate story of artistic life in Paris during the latter years of the Second Empire. Amusing at times, extremely pathetic and even painful at others, it not only contributes a necessary element to the Rougon-Macquart series of novels—a series illustrative of all phases of life in France within certain dates—but it also represents a particular period of M. Zola's own career and work. Some years, indeed, before the latter had made himself known at all widely as a novelist, he had acquired among Parisian painters and sculptors considerable notoriety as a revolutionary art critic.
