Springhouse

Straight A's in Fluids and Electrolytes Springhouse

Straight A's in Fluids and Electrolytes is an excellent review for the NCLEX® and for the fluids and electrolytes component of medical-surgical nursing courses from the LPN through the BSN level. It follows the unique, highly visual two-column **Straight A's** format—an in-depth outline review in the inner column and a quick-scanning key points refresher in the outer column. Other study aids include *"Top 10" Lists* that save students time before exams, *Time-Out for Teaching* tips on patient teaching, *Go with the Flow* algorithms, and dozens of illustrations. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.
