The Indestructibles: Breakout (Volume 2) Matthew Phillion

The Indestructibles -- Solar, the Dancer, Straylight, Fury, and Entropy Emily -- saved the day more than a few times last year, and the world took notice. When Doc, their mentor, went missing, the five teenaged heroes did their best to make the world a better place, stumbling from adventure to adventure without an overall strategy. The general public seems to be cheering them on, but a shadowy government agency lurking in the background, wants to round them up and force them to play by their rules. And they aren't going to take no for an answer — even if it means making an example of the young heroes. Meanwhile, a bigger threat, an escaped experiment who spreads sickness wherever he goes, is working his way toward the City to meet the Indestructibles head on, blaming them for what he has become. With Doc Silence gone, Fury apparently missing, and the Dancer slipping away into her own silent brand of vigilantism, will Solar be able to hold her team together in the face of this looming threat? And who is the mysterious, neon-pink haired stranger who keeps appearing and then disappearing like an illusion on the Indestructibles' flying base? The Indestructibles have become a national sensation — but will they survive the fame? Tune into the sequel *The Indestructibles: Breakout* to find out for sure.
