## **The Real Wealth of Nations (Volume 2 of 2) (EasyRead Large Bold Edition): Creating a Caring Economics** Riane Eisler

I have called this book The Real Wealth of Nations because it shows that our most important economic assets are not financial - that the real wealth of nations consists of the contributions of people and our natural environment....To address the needs of our world today, we have to bring together knowledge from many areas. I therefore draw from many fields in addition to economics, including advances in both the social and natural sciences. I also propose practical steps for moving both economic and social systems in a positive direction....I have written this book to invite discussion and action. It is a book for everyone who wants a better life and a better world, and is looking for practical tools to realize these goals. I am confident that together we can build a new economic system that promotes creativity and generosity rather than greed and destructiveness. Indeed, I am convinced that this is the only viable option at this critical juncture in our cultural and planetary evolution. ----Riane Eisler

#### **Simona Vela:**

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring along with can't see

colorful photographs on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this The Real Wealth of Nations (Volume 2 of 2) (EasyRead Large Bold Edition): Creating a Caring Economics can make you feel more interested to read.
