I spent the past 4 years studying myself. I wanted a closer relationship with god; I needed to know what makes me human and what makes me spirit. Who are we behind the ego, what is it like to be conscious as a spirit, as we watch the ego perform. I just wanted to at least understand my ego, I realized that the spirit of god is in all of us, watching and observing in the background, this is the best way that I can describe consciousness, self-awareness. I wanted to accept who I was without judging and criticizing myself, which is hell in the mind.

I wanted to feel approved and accepted within, not needing others approval. I wanted to be and experience god, rather than talk about god. We are all simply god in the flesh, god having a human experience. These are my personal experience, I'm not here to prove what is right and what is wrong, I'm not here to say I found what truth is; rather this is my truth from experimenting and experiences. I feel complete and whole now, this deep inner satisfaction with my being. I want this book to be an experience rather than a read.
