National Educational Technology Standards for Students Curriculum Series: Multidisciplinary Units for Grades 3-5 Larry Hannah (Senior Editor)

Written by a team of curriculum experts, teacher educators, and K-12 classroom and computer-resource teachers, this book shows you how to weave technology deeply into elementary language arts, social studies, math, and science curricula. Practical and straightforward introductory essays help teachers integrate technology into different classroom configurations, discuss cooperative teaching strategies, explore problem-based learning, explain how to use the Internet effectively and responsibly, and describe the creation of assessment rubrics. They are followed by dozens of ready-to-use lesson plans keyed to technology and content area standards.

FEATURES

Techniques for using technology to complement multicultural and multidisciplinary curricula
Strategies for creating age-appropriate activities and assessments
Model rubrics and links to online resources

Also available:

Multiple Intelligences and Instructional Technology: Second Edition - ISBN 156484188X

Teaching with Digital Images: Acquire, Analyze, Create, Communicate - ISBN 1564842193

The International Society for Technology in Education (ISTE) is the trusted source for professional development, knowledge generation, advocacy and leadership for innovation. ISTE is the premier membership association for educators and education leaders engaged in improving teaching and learning by advancing the effective use of technology in PK-12 and teacher education. Home of the National Educational Technology Standards (NETS), the Center for Applied Research in Educational Technology (CARET), and ISTE's annual conference (formerly known as the National Educational Computing Conference, or NECC), ISTE represents more than 100,000 professionals worldwide. We support our members with information, networking opportunities, and guidance as they face the challenge of transforming education.

Some of the areas in which we publish are:

- Web. 2.0 in the classroom-RSS, podcasts, and more
- National Educational Technology Standards (NETS)
- Professional development for educators and administrators
- Integrating technology into the classroom and curriculum
- Safe practices for the Internet and technology
- Educational technology for parents
