Making More Plants: The Science, Art, and Joy of Propagation Ken Druse

For people who love gardens, propagation—the practice of growing whatever you want, whenever you want—is gardening itself. In this paperback reissue of the successful book *Making More Plants*, Druse, one of America's foremost gardening authorities, presents innovative, practical techniques for expanding any plant collection, along with more than 500 photographs. Based on years of personal research, this is a practical manual as well as a beautiful garden book, presenting procedures Ken Druse has tested and adapted, as well as photographed step by step.
