Music of the Baroque

David Schulenberg

Music of the Baroque David Schulenberg

An era of continuous and far-reaching musical evolution, the Baroque period witnessed the invention of opera and oratorio and the emergence of such instrumental genres as the sonata, suite, and concerto, which continue to engage composers today. An ideal instructional package for courses in music history and literature, *Music of the Baroque*, Second Edition, and its accompanying anthology of scores offer a vivid introduction to European music from 1600 through 1750. Integrating historical and cultural context with composer biography, music analysis, and performance practice, the text surveys Baroque music while analyzing in depth more than forty works from the principal traditions of the period. An opening chapter on late-Renaissance vocal music and a closing chapter on *galant* instrumental music provide bridges to earlier and later European music.

Thoroughly revised and updated to reflect current scholarship, this second edition of *Music of the Baroque* offers expanded coverage of instrumental music, with new sections on French lute music and the Italian trumpet sinfonia, along with enhanced discussion of chamber music from Salomone Rossi to Biber and Corelli. French sacred music also receives renewed attention. Offering models for musical criticism and analysis in a variety of compositional styles, author David Schulenberg analyzes familiar works like Monteverdi's *Orfeo* and a Bach cantata as well as lesser-known compositions, including works by Barbara Strozzi and Elizabeth-Claude Jacquet de La Guerre.

Additional Features:

- * Incorporates a wealth of pedagogical resources including synopses of operatic works; biographical timelines for major composers; numerous illustrations, musical examples, and analytical tables; highlighting and explanations of technical terms upon first appearance; and carefully formulated definitions of each new concept
- * Revised to incorporate the latest in Baroque music scholarship, including an updated bibliography and many new music examples and illustrations
- * Accompanied by a companion anthology that contains more than fifty pieces for analysis
- * Supplemented by the author's website, www.wagner.edu/faculty/dschulenberg/oupcont.html, which provides a discography for pieces included in the anthology

Designed for undergraduate and graduate students, *Music of the Baroque*, Second Edition, is also essential reading for anyone who desires an up-to-date introduction to the serious study of Baroque music.

The benefit you have by reading this book is information inside this guide incredible fresh, you will get info which is getting deeper you read a lot of information you will get. This specific Music of the Baroque without we recognize teach the one who examining it become critical in imagining and analyzing. Don't end up being worry Music of the Baroque can bring whenever you are and not make your case space or bookshelves' turn out to be full because you can have it with your lovely laptop even mobile phone. This Music of the Baroque having very good arrangement in word along with layout, so you will not feel uninterested in reading.

John Johnson:

Many people spending their period by playing outside together with friends, fun activity using family or just watching TV all day long. You can have new activity to spend your whole day by studying a book. Ugh, ya think reading a book can really hard because you have to bring the book everywhere? It alright you can have the e-book, getting everywhere you want in your Cell phone. Like Music of the Baroque which is getting the e-book version. So , why not try out this book? Let's view.

Bradley Ray:

As a pupil exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just little students that has reading's heart or real their hobby. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring in addition to can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Music of the Baroque can make you sense more interested to read.
