Stay Poor: The Idea of Making Money Secret Entourage

"We often read stories in the news about millionaires who became successful, but we don't often get an in-depth look into how he/she became that way. Secret Entourage takes the time to interview these successful people and gives them a chance to explain in detail about how they became the way they are." - Allen Wong / RegoApps Millionaire"

I would say 90% of households live paycheck to paycheck. When you do that, you totally kill the opportunity which could be that one big thing you can run with. You don't have that opportunity because you don't have the ability to harness it." - Barry Doyle / Exotic Clutch Technologies

They say money makes money, but we say people make money. There is a simple fact that people that know how to make money often think alike, they often identify opportunities and know how to act when positioned for success. This success is attributed to the mindset they share and their ability to unlock their full potential.

Today we share with you in detail how you can choose a similar fate of success by understanding your full potential and becoming the driver of your life. Many of you have read all the amazing success stories of some of the people who contributed some important parts of this mini series of financial books. Our circumstance is no different than anyone else's; we are not born into money and are not given opportunities that only a select few receive. We started like 90% of today's society with very little to nothing, but chose where we ended up.

Before you can make real money, you must understand "what making money" really means. This is the no fluff, no bullshit approach to what money really is.

We designed the lifestyle we wanted through aligning our goals to it and became the driver of our lives taking ourselves into the world we once saw as a dream or believed we deserved. You too have that same opportunity but now no longer have to go through all the trials and errors to attain the knowledge.

This book is not going to tell you to find investors, spend money, or even go buy real estate. This book is going to change the way you look at everything around you, it will give you an opportunity to identify and act on opportunities but more importantly teach you how to be fearless in your quest for wealth. It will also open up your appetite for financial education and force you

to seek further information about various ways to cycle money.

Staying

Poor is a choice but Stay Poor will show you that success and wealth is more about mindset than anything else. More importantly it will give you the missing key to your monetary success and will actually ask you to do something about it, because building a foundation for wealth is the first step to getting there.

From reader reviews:

Christina Epp:

As people who live in the modest era should be change about what going on or facts even knowledge to make these individuals keep up with the era that is always change and move forward. Some of you maybe will probably update themselves by examining books. It is a good choice in your case but the problems coming to you is you don't know which you should start with. This Stay Poor: The Idea of Making Money is our recommendation to cause you to keep up with the world. Why, because book serves what you want and want in this era.

Shawn McDonald:

Nowadays reading books be a little more than want or need but also become a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The knowledge you get based on what kind of reserve you read, if you want have more knowledge just go with schooling books but if you want experience happy read one along with theme for entertaining such as comic or novel. The actual Stay Poor: The Idea of Making Money is kind of publication which is giving the reader unpredictable experience.

George Medrano:

This Stay Poor: The Idea of Making Money is great book for you because the content that is full of information for you who all always deal with world and have to make decision every minute. This specific book reveal it information accurately using great coordinate word or we can say no rambling sentences in it. So if you are read it hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but difficult core information with wonderful delivering sentences. Having Stay Poor: The Idea of Making Money in your hand like finding the world in your arm, information in it is not ridiculous a single. We can say that no publication that offer you world in ten or fifteen tiny right but this guide already do that. So , it is good reading book. Heya Mr. and Mrs. stressful do you still doubt that will?

Anne Shibata:

Many people spending their time period by playing outside using friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by examining a book. Ugh, do you think reading a book will surely hard because you have to bring the book everywhere? It ok you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Stay Poor: The Idea of Making Money which is obtaining the e-book version. So , why not try out this book? Let's find.
