## **Child and Adolescent Psychiatry for the Specialty Board Review (Brunner/Mazel Continuing Education in Psychiatry & Psychology Series) Robert L. Hendren**

This revised edition has expanded coverage of the major advances in the classification of child and adolescent disorders represented in DSM-IV. In addition, the author has referenced the two core textbooks in the field, highlighting extended knowledge in biological psychiatry. It includes some 500 multiple choice questions and answers, covering much of the material presented on the boards. There is also a 75-question mock examination based on the oral boards, with explanations and self-assessment.
