Introduction to Gauge Field Theory Revised Edition (Graduate Student Series in Physics)

D. Bailin, Alexander Love

Introduction to Gauge Field Theory Revised Edition (Graduate Student Series in Physics) D. Bailin, Alexander Love

Introduction to Gauge Field Theory provides comprehensive coverage of modern relativistic quantum field theory, emphasizing the details of actual calculations rather than the phenomenology of the applications. Forming a foundation in the subject, the book assumes knowledge of relativistic quantum mechanics, but not of quantum field theory. The book is ideal for graduate students, advanced undergraduates, and researchers in the field of particle physics.

From reader reviews:

Viola Hassell:

Nowadays reading books become more than want or need but also become a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book which improve your knowledge and information. The data you get based on what kind of publication you read, if you want have more knowledge just go with schooling books but if you want really feel happy read one with theme for entertaining such as comic or novel. The Introduction to Gauge Field Theory Revised Edition (Graduate Student Series in Physics) is kind of book which is giving the reader unstable experience.

Connie Bannister:

The actual book Introduction to Gauge Field Theory Revised Edition (Graduate Student Series in Physics) will bring one to the new experience of reading the book. The author style to clarify the idea is very unique. In the event you try to find new book you just read, this book very suited to you. The book Introduction to Gauge Field Theory Revised Edition (Graduate Student Series in Physics) is much recommended to you to read. You can also get the e-book from official web site, so you can more readily to read the book.

Thomas Fleischmann:

The book untitled Introduction to Gauge Field Theory Revised Edition (Graduate Student Series in Physics) contain a lot of information on the item. The writer explains your girlfriend idea with easy way. The language is very easy to understand all the people, so do definitely not worry, you can easy to read that. The book was published by famous author. The author provides you in the new age of literary works.
