Standards-Based Leadership: A Case Study Book for the Superintendency Sandra Lynn Tillman Lowery, Sandra Harris

Although there are several case study books for administrators, this one book, specifically for superintendents, is framed within the state and national standards. It offers a way for superintendents as well as those in training to combine best-practice theory with practice using everyday, realistic situations.

Each chapter includes:

- questions for discussion
- references
- additional resources

Readers will also find a corresponding brief literature review and a case study that illustrates the standard being discussed.
