Being a gifted education teacher has always posed special challenges. In their first book together, two veteran educators of the gifted give teachers the information, advice, and encouragement they need. They explain how to set the foundation for a gifted program; how to evaluate, identify, and select students; how to plan and implement a range of programming options (including differentiated instruction in the regular classroom, ability grouping, pull-out classes, special classes for gifted students, weighted grades, and others); and how to conduct ongoing program evaluation.
