The Consciousness of the Litigator

Duffy Graham

The Consciousness of the Litigator Duffy Graham

"An important and thought-provoking addition to the literature on the ethics of lawyers."

---Kimberly Kirkland, Franklin Pierce Law Center

The Consciousness of the Litigator investigates the role of the lawyer in modern American political and social life and in the judicial process, and plumbs lawyers' perceptions of themselves, their work, and, especially, their sense of right and wrong.

In so doing, the book sheds light on the unique and little-examined subject of the moral mind of the litigator, whose work extends to all corners of society and whose primary expertise---making legal arguments---is the fundamental skill of all lawyers.

The Consciousness of the Litigator stands with Michael Kelly's *Lives of Lawyers* as a must-read for the many law students, scholars, and practicing litigators who struggle to balance ethical questions with the dictates of their highly commercialized profession.
