Tacitus

Annals (Penguin Classics) Tacitus

A compelling new translation of a vital account of Roman history

With clarity and vivid intensity, Tacitus's *Annals* recounts the pivotal events in Roman history from the years shortly before the death of Augustus to the death of Nero in 68 AD, including the reign of terror under the corrupt Tiberius, the great fire of Rome during the time of Nero, and the wars, poisonings, scandals, conspiracies, and murders that were part of imperial life. Despite Tacitus's claim that they were written objectively, the *Annals* is sharply critical of the emperors' excesses and fearful for the future of imperial Rome, while also filled with a longing for its past glories.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
