Autobiography Of Benjamin Franklin Benjamin Franklin

The Autobiography of Benjamin Franklin is the traditional name for the unfinished record of his own life written by Benjamin Franklin from 1771 to 1790; however, Franklin himself appears to have called the work his *Memoirs*.

Although it had a tortuous publication history after Franklin's death, this work has become one of the most famous and influential examples of autobiography ever written.

Franklin's *Autobiography* has received widespread praise, both for its historical value as a record of an important early American and for its literary style. It is often considered the first American book to be taken seriously by Europeans as literature.
