**Believing in Jesus Christ (The Foundations of Christian Faith)** Leanne Van Dyk

This book is a clear treatment, in nontechnical language, of the person and work of Jesus Christ, especially focusing on the nature of atonement. The chapters are arranged around several central questions: Who is Jesus? What do the Bible and the church tell us about him? Just what is in the nature of the salvation he offers, and how does it work? Most of all, what difference do the answers to these questions make for the church and for the world?

The Foundations of Christian Faith series enables readers to learn about contemporary theology in ways that are clear, enjoyable, and meaningful. It examines the doctrines of the Christian faith and stimulates readers not only to think more deeply about their faith but also to understand their faith in relationship to contemporary challenges and questions. Individuals and study groups alike will find these guides invaluable in their search for depth and integrity in their Christian faith.
