God and the Gods: A Compelling Investigation and Personal Quest for the Truth about God of the Bible and the Gods of Ancient History John Greco

God and the Gods presents the results of a personal journey to uncover the multifaceted pieces of information not covered in national news and hidden from the public for reasons unknown. Volumes of additional information-with stories and artifacts-that are off limits to mankind. Th is manuscript touches merely a few of the many secrets that society is hiding for its own benefit. They are small pieces of a multidimensional puzzle in unraveling the real origin of mankind-something that could change the history of who we are and where we came from. Author John Greco opens our eyes to the possibilities that have accumulated over the years through the facts, findings, and scientific studies of the human body, religious proof, and archaeological discoveries being made throughout the world today. The Bible is fact, in most cases, but there is much more to know. The truth is out there, and most of it is staring us in the face every day. We as humans, who worship a God we cannot see, need to look in the right places and tie the many pieces of this amazing puzzle together. God and the Gods gives you the opportunity to question the basic teachings of all religions, including their exclusions, and begin to consider what the answers truly are. The city of Troy was a myth until it was found. The truth is out there and waiting to be discovered.
