The first edition of Managing Human Resources is based on the Human Resource Management 5th edition text by Ray Stone (which will continue to remain available). This abridged edition contains 16 chapters, and has been developed in response to the market's demand for a more concise coverage of key topics to reflect the typical 12 to 13 week teaching Semester. It has retained the key strengths that have made the 5th edition the market leading text for Australasian students:

- Coverage of key contemporary HRM issues and practice in the Asia-Pacific region
- Emphasis on HRM strategy and the management of workplace diversity
- A wealth of practical activities for each chapter such as case studies, class debates, ethical dilemmas, letters to the editor, newsbreaks, soapbox, group/individual exercises, and Wiley Web Q (interactive quizzing)
- Thought provoking stimulus material from real world Human Resource Managers in each chapter via The Practitioner Speaks boxed feature
