They do their jobs well, using their dual positions to protect humans and shifters alike from those who would prey on them. But when their boss, Alan's father, calls them in on a new assignment, they discover that a horror has developed within the local shifter population.

An unknown local serial killer is harvesting humans for their meat...and he is using modern distribution methods to help other degenerate Shifters get their fix.

As Alan and Danny scramble to find the killer before he strikes again, their new FBI contact arrives: Special Agent Tamara Pierce, a tough, determined young agent originally from Tennessee. The chemistry between her and Alan is so powerful that his father recognizes the two as a true mating, and warns Alan not to resist or neglect the bond he feels.

As Alan struggles to deal with the situation in the middle of a horrifying murder case, he finds his new bond tested when their suspect kidnaps Tamara. With her at his mercy in his booby-trapped lair, the killer has everything stacked in his favor. But Alan has a surprise in store for the degenerate who has dared to lay hands on his mate....
