Critical Companion to William Butler Yeats: A Literary Reference to His Life and Work

David A. Ross

Critical Companion to William Butler Yeats: A Literary Reference to His Life and Work David A. Ross

The Irish poet William Butler Yeats is often considered the premier English-language poet of the 20th century, but he was also an important playwright, folklorist, critic, and politician. Yeats' works vary from complex and highly symbolic to short and straightforward, making him popular in both high school and college literary classes. His most famous poems - including "The Second Coming," "Easter 1916," and "Among School Children" - are among the best known in the world. This heavily illustrated new volume is essential for high school and college students interested in this prolific poet. Coverage of this title includes: all of Yeats' important poems, as well as all his volumes of poetry; all his plays and important drama-related topics, including Dublin's Abbey Theatre, which he helped establish; his critical and other nonfiction writing, including his famous autobiographies; important themes in his work; friends and literary influences, including Maud Gonne and James Joyce; Appendixes, including a chronology, bibliographies of primary and secondary sources; and, more.
