Early Focus: Working With Young Children Who Are Blind or Visually Impaired and Their Families

Rona L. Pogrund

Early Focus provides clear descriptions of early intervention techniques with blind and visually impaired children and stresses the benefits of family involvement and transdisciplinary teamwork. Practical applications and strategies relating to cognitive and language development, orientation and mobility, social skills, early intervention, and program development are presented to integrate current practices in one convenient source. Valuable information on working with families of various ethnic/minority groups is detailed, as are useful descriptions of how teams can work most effectively. Includes extensive resource and readings sections.
