I received a call from a woman with an American accent. She said she was “Stephen Willis’s fiancé”. I didn’t recognise the name or think that I knew anyone called Stephen who had a fiancé. For a moment, I thought she had called the wrong number. Then I realised what was going on. I said I was driving and couldn’t talk. By the time I reached London, she had called twice more and sent one text message... "Can you please explain the nature of your relationship with my fiancé" Through the medium of fiction, Grace Dove explores and exposes the disturbing truth about what is going on beneath the surface of everyday human interaction in contemporary society. Never before has it been easier to cultivate, utilise and hide behind false identities. Never easier to manipulate unsuspecting minds and abuse trust for sinister and self-serving purposes. The resulting casualties are many, the damage severe. Yet society, on the whole, is confused, in denial and oblivious to the calculated deceptions at play in all aspects of daily life. The Reality is a Bitch series is an investigation into chaos and pain. It’s aim is to illuminate and give insight into those amongst us who, when no one is looking, delight in dancing with the devil.
